

CAMP RULES OF CONDUCT

Dear Retreat Coordinator,

Please go over these rules of conduct with your group at orientation. Your help in these areas will allow us to preserve a safe and pleasant environment and a Christian witness to the residents who live around our properties.

CAMP CURFEWS

Groups must be off beach and within retreat boundaries by 11pm c.s.t. Groups should be quiet and in their room by 12 midnight.

PUBLIC ACCESS TO BEACH / PRIVATE PROPERTY

Please use the public access paths to go to the beach. All other land along the beach is privately owned. Please show respect for our neighbors by not trespassing on their property or decks in front of their homes.

SEA OATS

Please do not cross over the barriers and fences that surround the sea oat plantings. This is a protected species, and it is illegal to pick or damage a sea oat plant.

TRASH ON THE BEACH

Help us keep the beach clean for everyone by not littering. Trash receptacles are provided on the beach.

BEACH FLAG WARNING SYSTEM

Panama City Beach has a flag warning system to ensure safe swimming in the Gulf of Mexico. Please note the flag color daily, and adjust your groups swimming activities in the Gulf.
